

## SCHOOLZONELIGHTS.COM.AU MEDIA RELEASE

8 April 2009

### FLASHING LIGHTS INSTALLED AT BRIGHTON-LE-SANDS

The rollout of flashing lights by school zone lights campaigner Peter Olsen continues, with the installation of lights at Brighton-le-Sands Public School, Crawford Rd Brighton-le-Sands.

“Crawford Rd is very busy during the morning and afternoon peak periods, when it is used as a shortcut by drivers seeking to avoid The Grand Pde,” Mr Olsen said.

“The P&C was keen for flashing lights to be installed and contacted me several weeks ago. I demonstrated the lights at a P&C meeting and they gave the go-ahead for the installation.

“A generous donation from McGraths Real Estate at South Hurstville helped with the funding but the P&C is keen to hear from other local businesses that would be willing to assist. The total cost is \$1,000 per sign, compared with up to \$75,000 that the RTA spends per sign.

For more information contact Peter Olsen, 0414-538-404.
